

Maths Task – 12.5.20

MNP Workbook: **3A**

Chapter 2: **Addition and Subtraction**

Lesson 9&10: **Adding with renaming** (pages 43-46)

Skill: I can add two 3-digit numbers with renaming the ones and tens.

Today we are going to recap on our addition work using the column method.

First of all, let's recap on the column method.

In Focus

Lulu made 236 chocolate cookies and 391 vanilla cookies.

How can we find the total number of cookies Lulu made?

Let's Learn

Add 236 and 391.

Step 1 Add the ones.
6 ones + 1 one = 7 ones

	h	t	o
	2	3	6
+	3	9	1
<hr/>			7
<hr/>			

Add the ones

Step 2 Add the tens.
 $3 \text{ tens} + 9 \text{ tens} = 12 \text{ tens}$
 Regroup the tens.
 $12 \text{ tens} = 1 \text{ hundred} + 2 \text{ tens}$

	h	t	o
	¹ 2	3	6
+	3	9	1
	2	7	

Add the tens

Step 3 Add the hundreds.
 $1 \text{ hundred} + 2 \text{ hundreds} + 3 \text{ hundreds} = 6 \text{ hundreds}$

	h	t	o
	¹ 2	3	6
+	3	9	1
	6	2	7

$236 + 391 = 627$
 Lulu made 627 cookies.

Add the hundreds

Now let's practise this skill.

1. First click [HERE](#) to recap on adding numbers using the column method with this BBC lesson.

Watch the videos and have a go at activity 1.

<https://www.bbc.co.uk/bitesize/articles/z72dwtv>

2. Next complete Maths No Problem worksheet 9&10 (pages 43-46). If you have your MNP book and you have already completed these sheets, you can have another go in your yellow homework book and check over your answers.

Support

If you are finding these worksheets tricky, go back and complete lessons 1 – 8. This will support your learning by going over prior steps involved in column method addition.

If you need to ask a question, post it on the blog and I can help.

3. Finally click here to complete more column method addition.
