

Maths Task – 20.5.20

MNP Workbook: 3A

Chapter 3: Multiplication & Division

Lesson 14&15: Solving Word Problems (pages 107-109)

Skill: I can solve word problems involving multiplication and division.

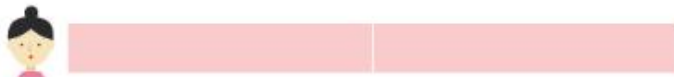

Yesterday we solved word problems involving multiplication. Today we will explore solving word problems involving both multiplication and division.

In Focus

How many coins does  have?

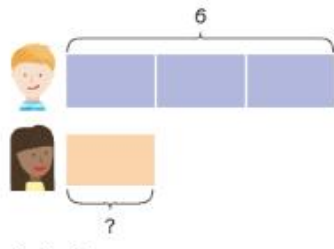

Let's Learn

Method 1 $8 + 8 = 16$

Method 2 $2 \times 8 = 16$

 has 16 coins.

$6 \div 3 = 2$

 has two  coins.

Guided Practice

How many sweets does each child have?

Have a go at the Guided Practice questions 1& 2 in your yellow homework book.

Now you have warmed up, you are ready to complete your Maths No Problem worksheets.

1. Complete Maths No Problem worksheet 14&15 (pages 107-109). Once you have completed, ask an adult to help check your answers using the MNP website.

Support

If you are finding these worksheets tricky, go back to the beginning of chapter 3 and work through simple multiplication and division.

If you need to ask a question, post it on the blog and I can help.

Extension Work

Click [HERE](#) for some more word problems to solve.

Knowing your times tables really well will help you tackle multiplication and division questions.
