

## Mr Castelanelli – Headteacher For The Day!

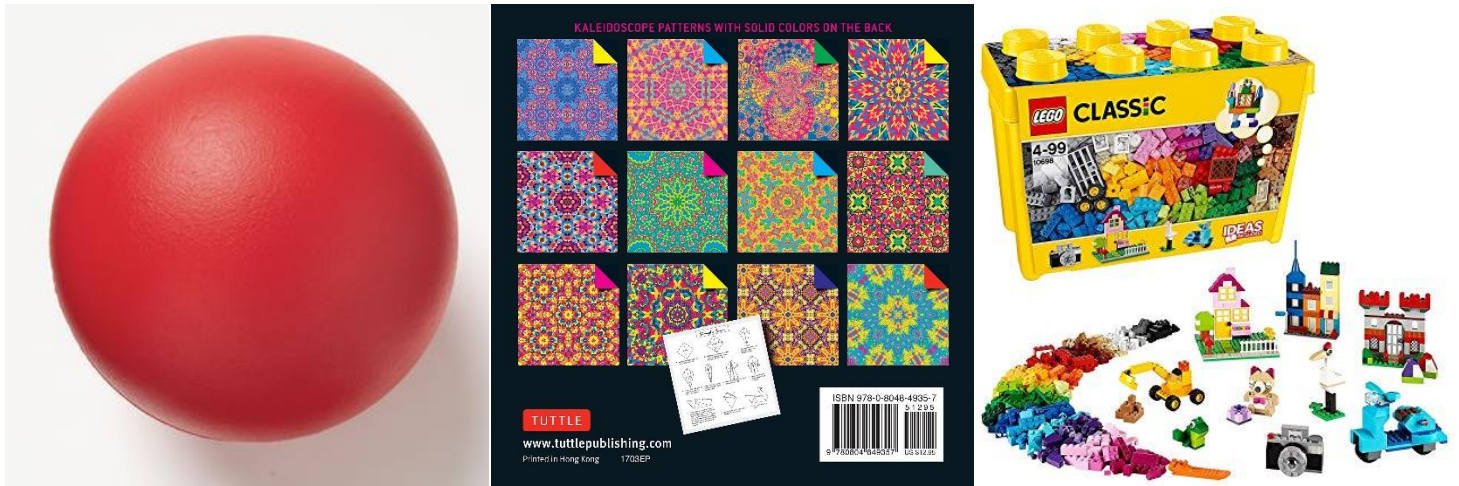

Today, I was Headteacher for the day. It has been a very fun and tiring experience.

My day started when I came into school at 8:40. I got my picture taken in front of my office and went to the school entrance to greet the children and do the late book. Next, it was time to prepare for the fruit festival. I helped unbox the entries and handed out cutlery for the judges. Afterwards, it was time for assembly. I told everyone my new school rule, handed out the Star of the Week certificates, showed the punctuality chart and introduced the Fruit Festival judge: Kevin from Le Cruset who had tasted all the entries and declared the winners. After assembly, I helped carry all the Fruit Festival entries to the staff room.

Then, I started observing lessons from Nursery all the way to Year 6. My favourite lesson was in Year 4 because they listened to their teacher very well and responded immediately. Next, I gave the teachers positive feedback about their lessons.

After that, I had to sample the school lunches; I found them good.

Later on, I decided what to buy with my £50 budget. I chose a large LEGO Classic box, a Kaleidoscope Origami Paper Box and a new football for Year 5.

Finally, I helped Miss Coleman show the Auction artwork in a special afternoon assembly. My favourite artwork was Year 5 because we printed pictures of ourselves onto our own backdrop.

I really enjoyed being Headteacher for the day and will be happy for other children to have the same experience.
