

## Music Task – 12.6.20

Today we are going to develop our singing skills!

I miss all of our singing together at St Vincent's!  
Click [HERE](#) to recap on some of our favourite songs at school.

### 1. First of all we are going to learn about melody and pitch.

#### What are melody and pitch?

Melody is the tune. It's the part of the music that you sing along with.

Pitch is how high or low a note sounds.

A melody is made up of high and low pitched notes played one after the other. Catchy melodies often repeat the same series of notes over and over.

Click [HERE](#) to watch a video to find out more about melody and pitch. Complete the activity to explore high and low pitch.

### 2. Singing warm up

We are going to sing some songs.

But first you need to warm up your voice.

This will help you loosen up, sing your best and make sure you don't hurt any muscles.

## Music Task – 12.6.20

### **3. Singing practice**

I have selected some songs to sing that may bring back some happy memories from year 3!

I know how much you loved singing our assembly songs so you might like to recap on some of our previous songs we learnt.

Be careful when clicking on the video links below, always ask an adult for help as things can pop up.
