

Food Glorious Food Big Question – 11.5.20

Our summer class topic is...

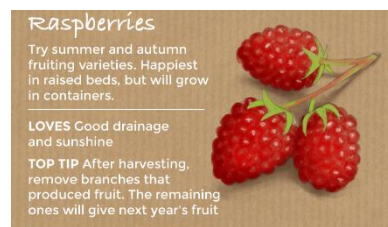

This task will include a Big Question to reflect on about our current topic. You may like to research some information and have a discussion with your family members about the question and then write down your response. Try to include evidence and information to support your ideas.

For our previous Big Question we shared information about where our food comes from and looked into where food is grown and sourced and the process involved.

Big Question of the Week

How does my garden grow?

Select one type of fruit or vegetable. Find out some top tips about how to successfully grow it in a garden.

Watch the videos below to find out more information to help you with your answer:

Post your answers on the blog!

Extension

Why not design your perfect edible garden where you could grow all of your favourite fruits, vegetables and herbs. How would you like it? Draw a picture of your garden and label everything that is in it. You may even like to show your Science knowledge by labelling some plants!

Send a picture of your design and I will add it to the blog.
