

St Vincent's Star

Has been awarded to.

For always presenting her work to a high standard, particularly in Religious Education. Sophie takes time to ensure her work is neat, whilst still pushing herself to get onto the challenge questions. In Religious Education, Sophie designed a beautiful stained-glass window and gave reasons for each image in her design by making careful links to scripture. She also created a beautiful leaflet explaining the order of Mass during our Eucharist topic.
Well done Sophie! Keep up the hard work!
