Tanks!

For my birthday I went to a tank experience and museum which I loved as I was able to see the army tanks I had been learning about.

Vitality Westminster Mile!

My mum and I took part in a one mile run called the Vitality Westminster run. Many people took part from all different ages because we took part in a family run so there were children, mothers and grandparents taking part, it was a really enjoyable experience to keep fit and see the scenery of London too. At the end of the run, we got our own medals and the opportunity of a photo which was really cool.

There was also a wide range of sporty activities to take part in, music, food, and drink and much more.

It was a very fun experience and I hope some of you take part next year!
